Angel Moore, City Engineer / Public Works Director

Date: February 17, 2023

RE: Annual Transportation Plan Report

On March 12, 2019, the Alabama Legislature passed House Bill 2 which levied an additional excise tax on gasoline and diesel fuel (10 Cent Gas tax). This additional tax is to be used for maintenance, improvement, replacement and construction of roads and bridges that are maintained by the City. The Bill further stipulates that the City Engineer shall provide a written report detailing expenditures made from these monies during the previous year and include the status of the projects shown in the Annual Transportation Plan.

The City received \$274,410.48 from the additional ten (10) Cent Gas Tax in FY 2021/22. To date, the City has expended \$35,130.58 in Preliminary Engineering costs for Project No. STPPC-5721(250) Resurfacing Various Streets in Phenix City. I have attached information provided by Finance to be included in the report.

If you concur, please have the resolution placed on the next Council agenda and attach this memo as the report. If you have any questions please let me know.
