RE: Garbage Collection Fee Ordinance

Based on the garbage collection contract with Waste Management (WM), the rate for collection may be revised based on the Consumer Price Index (CPI). WM informed us of garbage collection rate increases based on the Consumer Price Index (CPI) in 2021 and recently in 2024 which will increase the 2015 garbage collection contract price 20.84% in 2022 and will increase the contract price 6.67% this year.

The existing garbage fee ordinance (Ordinance No. 2022-01) needs to be amended to increase our garbage fees to match the increase of the garbage rate increase by Waste Management. I propose the rates be amended to reflect the same 20.84% and 6.67% increase from the 2015 fees which would increase the current rates for the first can from \$21.09 to \$23.72 and for additional cans from \$12.24 to \$14.76. The other fees are to be raised by the same percentages.

If you concur, please have the attached ordinance presented to the City Council at the March 5, 2024 meeting.

RE: Garbage Collection Fee Ordinance

Wallace B. Hunter
for C.W.

Waste Management requested residential rate increases based on the Consumer Price Index (CPI) which will increase the current rates by \$2.69 for the first can and \$0.79 for additional cans.

The existing garbage fee ordinance (Ordinance No. 2015-14) needs to be amended to increase our garbage fees to match the increase of the garbage rate increase by Waste Management. This would increase the rates for the first can from \$18.40 to \$21.09 and for additional cans from \$11.45 to \$12.24.

If you concur, please have the attached ordinance presented to the City Council at the next City Council meeting, January 4, 2022.
