RE: Max Building Area in C-4 Highway Commercial District

I would like to recommend that we amend the Zoning Ordinance by adjusting the maximum building area for the C-4: Highway Commercial District from 25% to 50%. While speaking with some developers and reviewing other jurisdictions around the area it was determined that our current ordinance is more restrictive by only allowing for 25% of building area compared to a 50% allowance in other areas and jurisdictions. It would allow developers more flexibility in designing developments.
